

Terms & Conditions

24 Piece Minimum

Before opening a store be sure that you will be able to get at least 24 shirts ordered by the end of your campaign. If you open a HassleFree WebStore and the 24 piece minimum is not met then **you as the store owner** will be required to purchase the number of shirts necessary to meet the minimum required. You will also be responsible for the cost of the free posters. That cost will be \$15.00 per poster.

Again, please make sure that you can meet the minimum requirements.

If for some reason you would prefer to collect the payments or your organization requires you to collect the payments, we can set up your store with a Purchase Order. Orders will be taken online in your store however, when the campaign ends we will provide you with the Purchase Order so you can arrange payment for the items purchased. Payment must be made in full prior to the production of your orders.

Service Provided with your HassleFree T's WebStore

1. **You receive free setup of your webstore.** Your store comes with setup of 4 items. Any additional items that you wish to add to your store will incur an additional setup fee per item. The additional fee is \$10.00 per item.
2. **You receive ONE free store setup** per campaign. If you would like additional stores setup there is a fee of \$50.00 per store.
3. We will separate your order into class rooms, teams or departments at **no extra charge**. You can request that each individual order be separated and individually bagged for an additional fee of \$1.50 per item.
4. We will provide you with a final order report. The report will show each order that was made in your store. It will also include the total dollar amount that your store made. If you are running a fundraising campaign we will also provide you with a report showing you the total amount that was raised in your campaign.
5. After your fundraising campaign has ended and all items have been delivered we will send you a check for the amount that was raised in your campaign.
6. Individual orders can be picked up at Unlimited T's or you may pick up the entire order yourself and distribute the orders on your own.
7. This is a Custom Order. Because of this all orders are final and cannot be returned unless there is a defect in the material that was not caught during the production process. We are not responsible if someone orders an incorrect size. A sizing chart is provided with each item in your store.
8. After your campaign has ended no additional purchases will be allowed. If you would like to reopen your store you may do so. However, the same 24 piece minimum will be in place. If your printed image was designed in a manner that will allow us to cut the design out of a heat press material then additional shirts may be purchased on an individual basis.
